

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. **MOTHER'S FRIEND**

New Home for Utes.

Ardmoreite Special.
Deadwood, S. D., May 23.—The runaway Ute Indians, who deserted their homes in Utah a year ago and took the trail for their old hunting grounds in this state, spreading terror among the white settlers, have leased a portion of the Cheyenne reservation, where they will take up their permanent abode. For the last six months the Utes have been making their home at Fort Meade, where the army officials were forced to provide food, clothing and shelter. The presence of the tribe was distasteful alike to the soldier, white citizens and redskins of this vicinity and their disposition has been the subject of many anxious conferences on the part of the interior officials in Washington. The matter has now been satisfactorily settled, at least temporarily. While here the Utes were offered work in a railway construction camp, but indignantly spurned the offer.

Emigrants—But Free People.

Copenhagen, May 22.—The authorities throughout Scandinavia began to measure emigrants by the titillation system. In accordance with instructions from the Government issued at the request of the United States, the proceedings were resented by the emigrants, who declared they were not thieves or criminals, but free citizens, and thought they were being sold in a free country. A number demanded the return of the money they had paid for transportation and it was given to them.

SCHOOL SESSIONS

TO END THIS WEEK AND COMMENCEMENT BEGINS.

NEW DEPARTURE IN SCHOOLS

A Patrons Day for Inspection—A Musical Program—A scholarly Sermon to Be Delivered By Dr. Zeller.

The annual commencement exercises of the Ardmore public schools will begin Sunday morning, May 26, at 11 a. m., when the Rev. E. V. Zeller, president of the Christian University of Enid, Oklahoma, will deliver the baccalaureate sermon before the high school class of 1907, and their attendant friends. The sermon will be delivered at the Robinson Opera House, and all churches of the city will attend the exercises.

In securing Rev. Zeller, the public school management of the city is to be congratulated and Ardmore will hear something scholarly. He has been one of the most potent preachers of the Christian church for the past decade and his reputation is not confined to any quarter of the country.

Beginning Monday evening the music, elocution and class work of the schools will be demonstrated by a series of exercises lasting the entire week. On Monday evening, May 27, Miss Landrum will present the pupils of the several grades in lullabies, motion songs, choruses, quartets, etc.

This is the first year that music and elocution have been made a part of the school work. The introduction of these accomplishments into the school has been of great value is evident. Besides these drawing and vocal music have been made a part of the school curriculum. A program which will demonstrate what progress the pupils have made in these arts, has been prepared as follows for Monday evening:

Invocation—Rev. J. W. Sims.

"Our Jack"—Boys' chorus—Fourth to Seventh Grades.

Lullabies and motion songs—First to Third Grades.

Military Drill—Fourth and Fifth Grade girls.

Lawn party—Girls' chorus.

Voice of the Western Wind—Chorus—Girls of Sixth and Seventh Grades.

Solo—John Hoffman.

Motion Song—First to Third Grades.

King of the Forest—Chorus—Boys of High School.

Good Night Beloved—High School Octette.

A small fee will be charged to the Monday evening exercises to defray expenses. Tuesday evening, May 30, the Grammar School exercises will be held, and Friday night the High School Commencement exercises will take place.

Also another feature of the exercise work of the schools will be "Patrons and Trustees' Day, Friday, May 24, at which time an exposition of the work of the pupils will be held in every ward building. These buildings will be open all day to receive visitors. All the grades' work will be on exhibition in every building.

From the present arrangement of the entire work of the public schools of the city can be seen in the commencement exercises soon to take place. Ardmore's public schools are in a healthy condition and the teachers and pupils invite your attendance.

The drawing features of the school work and the clay modeling, weaving, etc., is a strong feature of the school curriculum. Examples of the progress along these lines will be on exhibition in every building.

PENALTY OF OVERWORK

Work has been man's lot since the creation, but a day of toil should not have its penalty of pain. Why is it, then, you ask, that backache so often follows? It is because the modern tendency is to overwork, to tear down faster than nature can rebuild. An unnatural strain is thrown upon the vital organs, and more especially upon the kidneys, which have the work of filtering the blood free of waste and poison.

The heavy tax of overwork, the strain upon the back that is so common to many trades and occupations, is too great. The kidneys begin to fail in their work, and there is a double danger to health. The poisonous matter collects in the system, and the kidneys themselves begin to break down.

Pain in the back is only a warning of trouble in the kidneys. An inflammation has set in, and a disordered condition of the urine soon becomes apparent.

Too much or too little urine, with a constant desire to void the secretions; any noticeable deviation from the normal color; the appearance of a sandy sediment, proves a disordered condition of the kidneys, that needs quick attention.

If your work seems hard for you, if you have a lame, weak or aching back, if you seem tired and listless,

dered condition of the kidneys, that needs quick attention.

If your work seems hard for you, if you have a lame, weak or aching back, if you seem tired and listless,

and seem to be running down without apparent cause, begin at once with Doan's Kidney Pills, the great kidney remedy that has cured so many of your neighbors. It has given thousands of working men and women strong, sound backs for their daily work.

ARDMORE PROOF.

J. C. Lively, 1204 Main street, Ardmore, says: "I was troubled for several years with stones in the kidneys, had constant dull pains from the right kidney along the passage leading to the bladder. I have passed off a large quantity of those stones but they seemed to accumulate again and the secretions from the kidney often became like blood and were full of sediment. The pain at times was so severe as to almost blind me. I procured Doan's Kidney Pills at W. B. Frame's drug store and found in them the only kidney medicine that would give me relief. I take them at the present time when I feel symptoms of the trouble. From my experience with Doan's Kidney Pills I know they can be depended upon to relieve the most severe case."

Somnambulist's Experience.

Paris, Tex., May 22.—A somnambulist's feat of unusual interest occurred one night last week in the Chicago community north of Paris on river. A man who had spoken to a neighbor the previous day to secure the loan of a saddle for the day following called at 12 o'clock in the night in the rain to borrow it. When he walked up to the gate and hallooed the owner of the saddle, who was sitting up with a sick member of his family, put his head out of the window and asked him what he wanted.

The visitor told him he wanted to borrow the saddle. The man in the house thought it a little strange that he should call that time of the night in the rain, but replied without going out to talk to him: "All right; I told you yesterday that you could have it," and directed him to the place in the barn where it was to be found. The latter carried the saddle home on his shoulder, put it on the gallery and went back to bed.

His wife, awakened by the noise, discovered him in his nightclothes soaking wet and with muddy feet and legs. She asked him where he had been, but there was no response. He was shaken until he awoke, but after awakening he could not tell how he came to be wet and his legs muddy. After daylight he awoke and found the saddle on his gallery where he was mystified. He went to see the neighbor and learned from him that he had called at his house during the night and borrowed the saddle. He had gone to his neighbor's stable sound asleep after the saddle.

If a man doesn't fall in love until after he gets on the shady side of 40 he invariably works overtime in an effort to make up for the neglected opportunities.

WRATH OF THE GEORGIANS

WOMAN AND SON LYNCHED FOLLOWS WHITE MAN'S DEATH.

NEGROES' BODY DIDDLED

Two Lynched, Three Others Dead and Seven Seriously Injured—Great Excitement Prevails and Further Trouble Expected.

Claxton, Ga., May 22.—Two negroes lynched, one white man and two negroes dead, and seven other persons injured, is the result of an attempt to capture a negro who last night attempted to criminally assault Mrs. Laura Moore, a widow, living near Manassas, Tattall county.

The dead: John Hare, white farmer; Sam Padgett, negro, and daughter, aged 10.

Lynched: Padgett's son and wife. Injured: W. B. Pearson, shot in stomach and arm, probably fatally; James U. Daniel, shot in eye and may die; Dr. J. L. Kennedy, seriously; son of Padgett, seriously; Flem Padgett, colored, seriously; two daughters of Padgett.

Fifteen persons early today surrounded the house of Sam Padgett, a negro, whom they suspected of harboring the negro charged with attacking Mrs. Moore, and demanded to be allowed to search the house. Permission was given, but when the party was within thirty feet of the house those inside the building opened fire on the posse, instantly killing John Hare and seriously wounding Barlow Pearson, Jas. Daniel and Dr. J. L. Kennedy. The posse returned the fire, killing Sam Padgett and one of his daughters, aged 19, wounding two other girls, ages respectively 6 and 13, and two of Padgett's sons, aged 19 and 22. The posse then retired for reinforcements.

The news spread rapidly, and within a short time 500 armed men were on the scene, and started in pursuit of the negroes, who had escaped. One of them was captured and taken before Mrs. Moore, but she failed to identify him. The negro, however, was identified as the one who shot Hare, and he was started for Reidsville jail, together with Padgett's wife and son, in the custody of officers.

On the way the officers were overtaken by about seventy-five men, who took the prisoners from them. The woman was told to run, and as she did so was riddled with bullets, her son being shot to pieces where he stood.

Sheriff Edwards has removed all the negro prisoners from the Reidsville jail, to elude the mob, which, it is reported, will attack the building tonight.

Great excitement prevails, and it is feared other trouble will occur.

Hare was a native of Monroe, N. C., and leaves a widow and several small children.

About the only time the average man gets anything to eat at home is when there is company to dinner.
